

I-69 Pledge of Resistance

The proposed I-69 superhighway has threatened communities across southwest Indiana for decades. Governor Daniels and INDOT, however, have committed to making this nightmare a reality beginning in 2008. Regardless of their plans though, we can still stop this road, and it is vitally important that, as community members and residents of southwest Indiana, we stand up and publicly commit to resist I-69.

Should INDOT reach the construction phase, I, _____
pledge to be present when the bulldozers arrive.

X _____

Name _____

Address _____

Phone _____

E-mail _____

(Your information will not be made publicly available.)

I am also interested in (please check)

- Letter-writing
- Helping with flyering and community organizing
- Being on an emergency phone tree
- Attending a Non-Violent Direct Action training

Send completed pledge cards to
